

Let's Get Acquainted

By Ruby Compton

Wayne F. Buell was born and raised here in Heber City. His parents, Jay and Elouise Buell, owned and operated a dairy farm in the North Fields near Heber, but when Wayne was eight years old, they sold out and bought a farm on the north side of the Lake Creek Road just east of the Old Mill corner.

Wayne learned to love farming and helped in making a success of his father's carefully tended farm. Wayne was interested in Scout activities and he became an Eagle Scout. As he grew up and found a little time away from the farm chores and school, he enjoyed hunting, fishing and skiing. He still enjoys these hobbies.
